

2023

ANNUAL REPORT

2023 HIGHLIGHTS

86,884
students served

353
new programs

During the 2022-23 school year, Candor Health Education delivered 3,051 health education programs serving 673 schools across 14 Illinois counties and in New York, and Wisconsin. Our 19 professional health educators taught essential health topics to 86,884 students. We surpassed our annual targets, increasing school partnerships by 7% and educating 23% more students than the prior year.

We've expanded into..

New York

Wisconsin

TEACHER'S QUOTES

“I have done this program many times and each time Candor Health does a great job.”

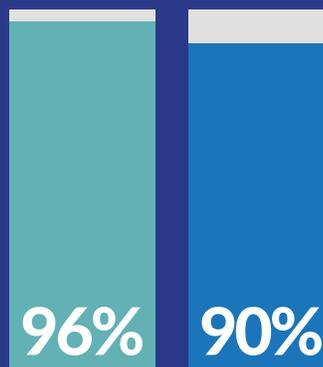

“I loved that strong emotions were addressed, and students were encouraged to seek help if feeling overwhelmed.”

“If it weren't for this program, students may not learn the content.”

Teacher Satisfaction

100%

of teachers agree that their educator was knowledgeable & professional

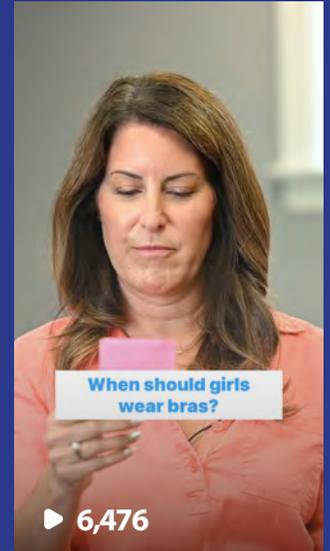

■ teachers were very satisfied or satisfied with our programs

■ teachers are planning on booking Candor programs again next year

COMMUNITY ENGAGEMENT

We've been bringing sex education & substance abuse prevention questions to local community members, former students, and passersby. They've helped us gain insight into what the masses think about these topics as well as reach a larger audience!

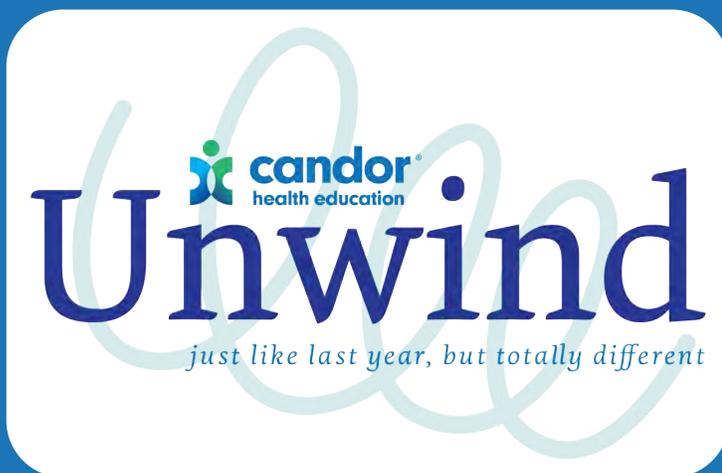

Total impression across Twitter, Facebook, Instagram, & Pinterest: **4,593,145**

Total followers gained across Twitter, Facebook, Instagram, & Pinterest: **768**

COMMUNITY SUPPORT

We hosted our annual golf outing in September of 2022. Participants played 18-holes, had a catered lunch, bid on auction items, and learned why our programs are so important.

In February of 2023, we hosted Unwind, an event where donors played games, sampled tasting menus, and mingled with board members and staff.

YOUR IMPACT

Individual donations and grant funding totalled to almost

\$352,000

Helping us serve almost

20,000 students

NAVIGATING MIDDLE SCHOOL YEARS

Since piloting our Navigating Middle School Years program in 2023, we've received overwhelmingly great responses from teachers like the one below!

“We are thrilled with the content and topics covered. Specifically enjoyed the information about social media and internet behavior.”
